Tom,

I liked the last sentence of the third paragraph regarding public participation so I've made some recommended changes to the first and second paragraphs to be consistent.

Thanks,

Matt

Brandi – FDEP contacted me at approximately 5:30pm on Friday to let me know that the assumption package has not yet been submitted. The desk statement would change based on whether we received the package and also whether we have determined that the package is complete, which will take a few days following receipt of the package. So here are 3 proposed versions of the desk statement, depending on where we in the process. I'm copying Jeaneanne, Rosemary, and ORC to weigh-in, and if you have any questions please let me know. Tom

Good morning Tom,

Is it okay to give you a call later so I can get some content to draft a desk statement on the 404 assumption package we anticipate receive any day now? Also, I'd like to discuss with you whether you think we need to put together a modified comms strategy to make sure we do all the proper notifications.

Thanks,

Brandi
